INSTITUTE OF EAST AFRICA

Professional Insurance Education

Professional Insurance Education by Distance Learning

The Insurance Institute of East Africa (IIEA) trains men and women of all backgrounds for rewarding careers in insurance. We can train you quickly, enjoyably and conveniently. Prepare for promotion, advancement and success now and achieve your ambition. The programs are offered in collaboration with world leaders in Insurance education namely the Australian and New Zealand Institute of Insurance and Finance (ANZIIF), International Fraud Training Group (IFTG), Cambridge International College (CIC), The Institutes (Insurance Institute of America) and the Institute of Chartered Shipbrokers (ICS).

We specialize in Professional Study in Insurance on:

General Insurance | Life Insurance | Insurance Broking | Loss Adjusting | Marine Insurance
Risk Management | Fraud & Compliance | Designations | Certifications | Private Investigator

General Insurance

We offer a range of General Insurance professional qualifications developed by industry experts. These qualifications are highly regarded across the industry and provide students with the skills and knowledge to succeed in their careers. Once qualified, graduates automatically become full members of ANZIIF, the premier industry membership body in the Asia-Pacific region. We offer the following courses in General Insurance:

- Certificate IV in General Insurance
- Diploma of General Insurance

Life Insurance

We offer the life insurance community the best mix of quality and affordable qualifications. We offer the following professional qualifications in Life Insurance:

- Certificate IV in Life Insurance
- Diploma of Life Insurance.

Diploma of Insurance Broking

The Diploma of Insurance Broking is now delivered via our newly developed Skills Units. With the flexibility to study where and when best suits, units are delivered online, and are five or seven weeks long. All Skills Units are formally recognised, and have been designed to be applied directly to the workplace.

Brokers can focus on the areas of business they wish to develop, taking units as standalone short courses or, if desired, units can be combined to attain a formal qualification, such as the Diploma of Insurance Broking. Brokers who choose to attain the Diploma will upon completion become CIP members of ANZIIF.

Diploma of Loss Adjusting

This qualification is highly regarded across the industry and provides students with the skills and knowledge to succeed in their careers. Once qualified, graduates automatically become full members of the Institute, the premier industry membership body in the Asia-Pacific region. The Diploma is also the basis for membership advancement within the Australian Institute of Chartered Loss Adjusters (AICLA)

International Diploma in Insurance

This Program explains and teaches about the purposes, principles and types of insurance and contracts, and the functioning of insurance businesses and the work of insurance practitioners and much more. The program is offered in collaboration with Cambridge International College, Britain.

Diploma of Integrated Risk Management

In collaboration with ANZIIF we offer the Diploma of Integrated Risk Management, a professional qualification developed by industry experts. This qualification is highly regarded across the industry and provides students with the skills and knowledge to succeed in their careers. The Diploma of Integrated Risk Management provides cross-industry competencies for specialist financial and related risk management activities in a range of organisations.

Diploma in Marine Insurance

Notwithstanding technology advances, shipping continues to face many of the same threats such as extremes of weather and navigational hazards that were experienced by the very earliest maritime traders. It is a business beset by risk.

Again this background it is essential for all those involved in the shipping business to have an understanding of marine insurance and this program aims to facilitate that understanding.

We offer the program in collaboration with the Institute of Chartered Shipbrokers (ICS), UK, the only internationally recognized professional body for people working in the shipping industry worldwide.

Skills Units

The newly developed ANZIIF Skills Units offer students the flexibility to study where, when and what best suits them. Units are formally recognised, delivered fully online and completed in just five weeks (four weeks of learning and one week of assessment per unit) or seven weeks (six weeks of learning and one week of assessment). Students can choose to complete the Skills Units that offer the specific training and skills they need as standalone courses or, if they desire, combine units to attain a full professional qualification, such as the Diploma of Insurance Broking.

Units are built around case-based interactive scenarios that are directly applicable to the workplace. At the conclusion of each unit, learning is assessed through the application of knowledge to real-world scenarios that reflect situations commonly experienced by insurance professionals.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a process evaluating what you have learned either formally or informally and providing credit to a full or part ANZIIF qualification where appropriate.

Those working with more than five (5) years experience in the insurance/ financial services industry who have limited time to study can use their existing skills, knowledge and experience acquired throughout their careers towards the attainment of an ANZIIF qualification and membership via Recognition of Prior Learning (RPL) by Professional Experience. Your experience counts!

Insurance Fraud

A means to combating insurance fraud is through education!

We offer On-line Fraud Compliance Training, Continuing Education (CE), General Fraud Training and the IFC (Insurance Fraud Certified) Professional Designation. Our courses are geared for the insurance industry, specifically, Adjusters, Agents, Claims Professionals, Underwriters and Private Investigators. The topics of our courses are Insurance Fraud, Investigations and Compliance. We offer the programs in collaboration with International Fraud Training Group (IFTG). At IIEA we provide expert fraud solutions and corporate governance services to our clients in the insurance industry. These include Fraud Training, Fraud Management, Consulting Services and Programs and Fraud Software and Technology.
