-  Attain Senior Associate CIP Membership Level
-  Specialised Level
-  80 Credit Points

Each unit aims to develop specific technical, analytical and interpersonal knowledge and skills required to:

- lead an underwriting team
- effectively manage the process of analysing and assessing the risks associated with a prospective customer's insurance policy application

- determine the policy's terms and conditions
- prepare and maintain the relevant documentation.

Insurance professionals can focus on specific areas they wish to develop by taking units as standalone short courses – or, if desired, units can be combined to attain the full Executive Certificate in General Insurance Underwriting.

## Course Structure

To be awarded this certificate, students must complete 80 Credit Points: 40 from any Specialised General Insurance Underwriting units (Compulsory units), and 40 from any Specialised units (Elective units).
