 Attain Senior Associate Membership Level

 Specialised Level

Each unit aims to develop specific technical, analytical and interpersonal knowledge and skills required to:

- Effectively lead a claims or underwriting team
- Manage and settle insurance claims
- Manage the process of analysing and assessing the risks associated with a prospective customer's insurance policy application
- Prepare and maintain relevant documentation
- Provide quality insurance services to customers.

Insurance professionals can focus on specific areas they wish to develop by taking units as standalone short courses – or, if desired, units can be combined to attain the full Diploma in General Insurance.

Course Structure

To be awarded the Diploma, students must complete SEVEN Compulsory units, THREE Elective Group A units, and TWO units from Elective Group B units.
