

Knowledge..Training..Success!

Certified Private Insurance Investigator

The CPII is a globally recognized professional insurance investigative designation for all individuals working within the insurance industry.

The CPII will provide the investigative professional with knowledge to identify insurance fraud, the means to investigate the fraud and knowledge to combat and reduce insurance fraud within the industry.

The CPII was created by the International Fraud Training Group and is being offered exclusively through the IIEA. The certification is utilized worldwide by investigators and insurance personnel globally.

Our goal is to bring together the Insurance and the Private Investigator Industries with knowledge, training and experience.
